The company is a fast growing and reputed merchant exporter from India, to various countries across the globe, with a focus on East Africa, North Africa, Central Africa etc.

QUALITY

CONTROL

We are a quality oriented organization, which strives hard to offer the finest quality products to our clients.

To ensure the quality of our products, we have recruited expert quality control personnel having experience in diversified industries. Vendor selection is carried out as per defined SOP to make sure that products are procured from quality vendors, Vendor evaluation is carried out on a timely basis and upon that if required then vendor audits are also carried out.

We also carry out product inspection from 3rd party auditors or laboratories as per customer's requirement.

BUSINESS

IDEOLOGY

At Harmony Trading Company, our ideology is "Customer is at the center of everything we do" and this ideology is percolated across our business processes.

We strive to provide a trustworthy & faithful relationship with all our customers, vendors, employees & channel partners, etc.
